Dear Sir:

Re: Weber River Distribution System
Account No. 35

Recently you contacted me concerning your assessment regarding the above-numbered account. We have checked the assessment and find our records indicate the following:

1. The assessment is based on Award 139 of the Weber River Decree.
2. This right apparently has been purchased by new owners, and their ownership is indicated by our files as follows:

<u>Account No.</u>	<u>Owner</u>	<u>Portion of Right</u>	
		<u>c.f.s.</u>	<u>%</u>
35	Robert Walker & 2/3 int.) Rhea Bagnell Jan LaJensesse 1/3 int.)	--0.73	40
93	Glen Thurston	1.09	60

The 1973 assessment was mailed to Glen Thurston under Account No. 93 and to W. Kent Williams under Account No. 35. We are endorsing a corrected 1973 notice and will update our 1974 assessment as the chart indicates. We will then send individual assessments to the new owners.

It would be advisable that each new owner submit copies of their deeds to this office so that we can endorse our official decree records to show their ownership.

We hope that this letter clears up the questions you have had.

Yours truly,

Donald C. Norseth
